

ROLLER SPLIT BELL MOUTHS

- Protect your cable and hauling rope from the sharp edges on the duct/conduit at the entry point.
- Fitted with a Steel Roller on one side.
- Reduces friction on cable and damage caused by steel pulling wires
- Split for easy removal from Cable and Duct
- Suits 80mm to 150mm AS/NZ Conduit
- Powder Coated Cast Aluminium

Note: to get the correct size check the inside Dimensions of your Duct\Conduit then look at the Outside Diameter (NECK OD) of the neck of the Bell mouth to get the correct Bell Mouth.

CODE	DISCRIPTION	NECK OD	NECK ID	DIMENSIONS L x W x D	WEIGHT
