

SPLIT DUCT ROLLER

- Protect your cable and hauling rope from the sharp edges on the duct/conduit at the exit point.
- Fitted with an Aluminium Roller on one side.
- Reduces friction and damage caused by Hauling Rope
- Split for easy removal from Cable and Duct
- Suits 54mm to 150mm AS/NZ Conduit
- Powder Coated Cast Aluminium

Note: to get the correct size check the inside Dimensions of your Duct\Conduit then look at the Outside Diameter (NECK OD) to get the correct Split Duct Roller
