

## CATENARY WIRE STAND

The Powerhowse Catenary Wire Stands are proudly New Zealand made, the frame is fabricated from steel in our Auckland Factory and then electro-plated for protection from the weather. It is designed to hold catenary wire and can be hung, stand vertical or lay flat.

The Catenary Wire Stand has adjustable coil mounting pins to accommodate various catenary wire spool sizes, width, and diameter.

**Hanging ring  
or standing up right**

**Laid down flat**
