

DRUM ROLLERS

The Powerhowse Drum Roller is a staple for any electrician, New Zealand made for the past 30 years, fabricated from Steel and Cast Aluminium, Powder-Coated and Electro-Plated for protection. Constructed with a Nylon bush to provide just the right amount of friction free running.

These Drum Rollers are compact enough to store effectively in your vehicle, available in 3 sizes, Standard, Duo and Jumbo. Also available is the Spindle model to prevent "walking off" when you near the end of the drum.

Standard Drum Roller w/ Spindle

Duo Drum Roller w/ Spindle

Jumbo Drum Roller w/ Spindle

CODE	DESCRIPTION	ROLLER LENGTH	MAX WEIGHT	DIMENSIONS L x W x D	WEIGHT
